"What is the use of a book," thought Alice, "without pictures..."

An extraordinary coloring book for adults straight from the imagination of Lewis Carroll and through the hand of illustrator Abigail Larson, *Alice's Adventures in Wonderland* leap to life in curious and quirky beautifully inked scenes. Grab a pen (or colored pencil or marker) and tumble down the rabbit hole as you color in 70 fantastically curious and dreamily detailed pages while Alice encounters everything from shrinking cakes and cryptic caterpillars to mad tea parties, raging Red Queens and even a frumious Jabberwock. Complete favorite Alice moments, classic quotes, character cameos, whimsical wallpaper patterns and repeating motifs: mushrooms, teacups and bottles marked "drink me."

Believe six impossible things before breakfast—and color them all.

- Pages are singled-sided so there are no bleed-through worries.
- All-original illustrations by artist Abigail Larson.
- Pages suitable for pens, markers, colored pencils and more!

"Imagination is the only weapon
in the war against reality."
— Lewis Carroll
